Fortinet

Fortinet (NASDAQ: FTNT) secures the largest enterprise, service provider, and government organizations around the world. Fortinet empowers our customers with complete visibility and control across the expanding attack surface and the power to take on ever-increasing performance requirements today and into the future. Only the Fortinet Security Fabric platform can address the most critical security challenges and protect data across the entire digital infrastructure, whether in networked, application, multi-cloud or edge environments. Fortinet ranks #1 in the most security appliances shipped worldwide and more than 480,000 customers trust Fortinet to protect their businesses. Both a technology company and a learning organization, the [Fortinet Network Security Expert](#) [1] (NSE) Training Institute has one of the largest and broadest cybersecurity training programs in the industry. Learn more at <http://www.fortinet.com> [2], the [Fortinet Blog](#) [3], or [FortiGuard Labs](#) [4].
