

SecureData

SecureData, part of Orange Cyberdefense, is Europe's largest managed security, threat detection and threat intelligence services provider, with a 25 year track record of delivering managed services to some of the largest companies in the world. We look beyond point technologies to address cybersecurity as a whole, providing a range of integrated solutions that assess risks, detect threats, protect our customer's IT assets and respond to security incidents.

SensePost, our elite consulting arm, is renowned for its innovation on the frontiers of cybersecurity. Through SensePost, we have a deep understanding of the cyber-criminal mindset and access to some of the world's most preeminent security experts - ensuring we can keep customers as secure as they possibly can be.
